NUMBER 62.

## WOMEN

Needing renewed strength, or who suffer from  
irregularities peculiar to their sex, should try

This medicine combines Iron with pure vegetable  
tonics, and is invaluable for Diseases peculiar to  
Women, and all who lead sedentary lives. It En-  
riches and Purifies the Blood, Stimulates the  
Appetite, Strengthens the Muscles and  
Nerves—in fact, thoroughly invigorates.  
Clears the complexion, and makes the skin smooth.  
It does not loosen the teeth, cause headache, or  
produce constipation—all other iron medicines do.  
Mrs. ELIZABETH BAIRD, 74 Farwell Ave., Milwa-  
ukee, Wis., says, under date of Dec. 26th, 1884:  
"I have used Brown's Iron Bitters, and it has been  
more than a doctor to me, having cured me of the  
weakness ladies have in life. Also cured me of Liver  
Complaint, and now my complexion is clear and  
good. Has also been beneficial to my children."  
Mrs. J. O. BRADSHAW, East Lockport, N. Y.,  
says: "I have suffered untold misery from Female  
Complaints, and could obtain relief from nothing  
except Brown's Iron Bitters."  
Genuine has above Trade Mark and crossed red lines  
on wrapper. Take no other. Made only by

## CHINESE IMMIGRATION.

**DENNIS KEARNEY SPEAKS SUPPORT-  
ING THE CUMMINGS BILL.**

His Plea in Behalf of the Children of San  
Francisco—Mr. Hitt, of Illinois, Some-  
what Irritates the Californian—Sioux  
Reservation Bill—Washington.

WASHINGTON, Feb. 3.—Dennis Kearney,  
of San Francisco, talked to the house com-  
mittee on foreign affairs an hour this  
morning in support of the Cummings  
bill prohibiting Chinese immigration.

DENNIS KEARNEY.

He decided that there would be  
nothing for the 73,000 children in the  
San Francisco schools to do if  
something was not  
done to stop the in-  
flow of Chinese, as no white person will learn  
a trade followed by a Chinaman. Mr. Kear-  
ney displayed a map of Chinatown, in the  
heart of San Francisco, and pictured the  
manner in which the inhabitants of that  
quarter burrowed into the ground, existed  
in filth and spread disease, degradation and  
squalor, driving out all decent white people.

He said that in nine blocks in Chinatown  
there were sixty-seven houses of prostitution,  
150 gambling dens and opium resorts innum-  
erable. During his argument Mr. Kearney be-  
came very earnest in his denunciations of the  
Chinese and almost violent against those who  
opposed absolute prohibition of immigration,  
and Mr. Hitt, of Illinois, a member of the  
committee, put a number of questions which  
tended to irritate the speaker to an almost  
uncontrollable degree.

Mr. Hitt does not believe in extreme legis-  
lation on the subject of immigration, and  
hence opened the flood-gates of wrath upon  
the port of Mr. Kearney, who declared that  
he would go into the district of the Illinois  
member in the approaching campaign and  
make Mr. Hitt's constituents feel their repre-  
sentative in congress with dead cats, snakes  
and baked snails, which the Californian de-  
clared Mr. Hitt would have his constituents  
feed upon. Mr. Kearney will ask for a hear-  
ing before the senate committee on foreign  
relations on the same subject.

## The Sioux Reservation Bill.

WASHINGTON, Feb. 3.—Ex-Delegate Frank  
Pettigrew, of Sioux Falls, Dak., who has  
been in the city some time, looking after the  
bills opening to settlement the Sioux Indian  
reservation, and dividing Dakota Territory  
on an east and west line, admitting the  
southern half to statehood, under the name  
of South Dakota, and making a territory of  
the northern half to be known as Dakota,  
said to a United Press reporter to-day, that  
so far as the Sioux reservation bill was con-  
cerned the outlook could not be more hope-  
ful for speedy action.

The senate committee on Indian affairs has  
had the bill ready for reporting unanimously  
for nearly a month. The bill which has  
been acted upon by this committee provides  
for the opening of the reservation to settle-  
ment, but requires a ratification of the treaty  
by three-fourths of the Indians on the  
reservation. The house committee on In-  
dian affairs will report the bill unanimously  
and favorably to-morrow.

The bill to be reported by this committee is  
identical to the one of the senate, with the  
exception that it opens the reservation to  
settlement absolutely without any negotia-  
tion with the Indians. Mr. Pettigrew thinks  
the house bill will be acted upon within two  
or three weeks, and that it will be substituted  
by the senate. He has very little hope of the  
statehood bill receiving consideration in the  
house at any time, but believes that if it  
could be brought fairly before the house it  
would receive a majority support.

## Revising the Rules.

WASHINGTON, Feb. 3.—The civil service  
commissioners have now before them the  
fifth revision of the rules. They are making  
the revision with great care, so that no cor-  
rections will be necessary after their work  
receives the approval of the president. Five  
times have they thought their work done,  
but after an examination of the proof sheets  
received from the public printer on each  
of the five occasions, it was found that there  
was room for further revision. As Com-  
missioner Edgerton expresses it, the com-  
mission is now listening to the fifth ringing  
of the first bell. The commissioners hope  
that it will not be necessary to run off many  
more proofs, and that they can have the re-  
vised rules ready for the consideration of the  
president within a few weeks.

## Senate.

WASHINGTON, Feb. 3.—Mr. Riddleberger  
made several attempts to expedite business  
so as to reach his resolution for consideration  
but the Plumb resolution for an investigation  
of the condition of the postal service to the  
precedence and debate on this resolution was  
resumed.

The senate has decided by a vote of 38 to 25  
that when it adjourns it be until Monday.

## Carlisle Back in Washington.

WASHINGTON, Feb. 3.—Speaker Carlisle  
was at his room in the capital today, but did  
not occupy the chair. He was called upon  
by a great many members. "I have been  
thinking seriously about the committee to  
investigate the Reading strike," he said, "and  
to the best of my ability, I will select the  
best qualified and most honorable members  
for an arduous task."

## Trusts to be Tackled Next Week.

WASHINGTON, Feb. 3.—It is now probable  
that the proposed investigation of trusts and  
other combinations which the house com-  
mittee on manufactures has been authorized  
to proceed with, will begin some time during  
next week.

## Will Hang March 30.

DECATUR, Ill., Feb. 3.—William West-  
brook, convicted last week of murdering  
William Grass at Blue Mound last July, was  
refused a new trial yesterday by Judge C.  
B. Smith and sentenced to be hanged Friday,  
March 30. Westbrook is twenty-two years  
old. He stabbed Grass in an altercation  
after having written Gross a blackmailing  
letter.

## THE MERCED CANAL.

The Stupendous Piece of Engineering Com-  
pleted and Formally Opened.

SAN FRANCISCO, Feb. 3.—The great  
Merced irrigation canal was formally opened  
yesterday in the presence of Governor Wat-  
terman and many distinguished guests. The  
oration was delivered by the Hon. J. W.  
Breckenridge. The ceremonies took place  
five and a half miles from the city of Merced  
where the floodgate was opened and the val-  
ley for a mile square converted into a sheet  
of water named Lake Yosemite. The canal  
was begun five years ago by Charles Crocker  
of railroad fame and C. H. Huffman, a  
wealthy wheat grower, and their sons. It  
cost \$1,500,000. It is twenty-seven miles  
long, one hundred feet wide at the top, sev-  
enty at the bottom and ten feet deep. It  
will irrigate 300,000 acres of the most fertile  
land in California. It receives an inexhaust-  
ible supply of water from the Merced river  
flowing through the Yosemite valley, which  
is supplied by the eternal snows of the  
Sierras.

At a point two miles below the falls, at  
Merced, an immense dam raises the stream  
ten feet above its normal level. The great  
engineering features of the work are two  
tunnels, one 4,400 feet long, driven through  
the hill of solid rock, no supports being  
necessary, the other 3,000 feet long, faced  
with the timbers. The dam across the  
small valley near Merced, constructed to  
form a reservoir, is 4,000 feet long, 275  
feet wide and fifty-four high. The level of the  
reservoir is ninety feet above the city of  
Merced. Water will be conveyed there in  
large pipes. It is believed the fall will be  
sufficient to run by water power the mills  
and other manufacturing enterprises. Colonies  
will be settled along the line of the  
canal, which is by all odds the most impor-  
tant enterprise of a similar character ever  
carried to a successful termination in the  
state, if not in the United States.

## Ohio Legislature.

COLUMBUS, O., Feb. 3.—Yesterday the fol-  
lowing bills were passed in the senate: Requir-  
ing banks and other institutions to keep a re-  
cord of unknown depositors; giving mayors  
and justices of the peace jurisdiction in food  
adulterations. Resolutions adopted: Relative  
to the control of funds for the agricul-  
tural experiment station; to ascertain the  
practicability of a ship canal.

To-day the judiciary committee reported a  
substitute for Beatty's local option bill, which  
differs from it in two important particulars.  
It provides that one-fourth the voters of a  
township, exclusive of those residing in  
municipalities, may petition the township  
trustees for a local option special election.  
Beatty's bill does not require special elections  
nor does it give voters of townships residing  
outside of municipal corporations the right  
to vote on local option outside the corpora-  
tion limits. The substitute was made the  
special order for next Thursday.

Yesterday the house bills were passed fix-  
ing the salary of the director of the agricul-  
tural experiment station; requiring clerks  
of courts to make prompt returns of certifi-  
cates of election; amending the act relative  
to cases before justices; making appropri-  
ations for support of the common schools. A  
bill was introduced requiring penitentiary  
made goods to be branded.

To-day there was lots of fun in the house  
over the bill to kill ground hogs. This is  
ground hog day and Dr. Holcomb, the author  
of the bill, made a funny speech, and was  
interrupted by mischievous members with  
impertinent questions. The house was in an  
uproar for half an hour.

More temperance petitions were thrown  
into the senate with the usual endorsement  
perverting them in the interest of Barnes &  
Company; also a protest against any effort  
to prevent the passage of the Barrett tem-  
perance educational bill by any of book,  
job or intimidation.

The bill creating a solicitor to the board  
of education, passed the senate.

## The Cause of the St. Louis Ice Gorge.

ST. LOUIS, Feb. 3.—The Republican, in a  
series of interviews with captains of the Mis-  
souri Pacific ferryboats, charges these men  
with deliberately forming the ice gorge,  
which threatened \$1,000,000 worth of prop-  
erty, and destroyed from \$60,000 to \$100,000  
worth. Capt. Refar, of the Missouri, is  
reported as saying that he and Capt. Seelers,  
of the Pacific, laid broadside with their  
boats in the narrow channel, thus stopping  
the fine ice. As it was a cold night the fine  
ice soon froze solid and the channel was  
closed. Other river men verify Seelers'  
statements, and while it is admitted that the  
river was deliberately gorged, they say it  
was simply for self-protection.

## No Free Trade in Theirs.

BALTIMORE, Md., Feb. 4.—The Manu-  
facturers' Record for this week will publish a  
special issue devoted to the cotton manu-  
facturing interests of the south, having cop-  
ied its information through direct corre-  
spondence with every cotton mill in that sec-  
tion. The number of cotton mills south of  
the Ohio river, and including Maryland and  
Virginia, in 1880 was 179, with 718,989  
spindles and 15,223 looms. On the 1st of Jan-  
uary, 1888, in the same territory, there were  
294 mills, with 1,485,145 spindles and 34,006  
looms. These figures show an increase of  
over 100 per cent.

## Big Gasser at New Bremen.

NEW BREMEN, O., Feb. 3.—One of the  
largest gas wells that has yet been developed  
in the New Bremen field was drilled in Wed-  
nesday by the Lima Drilling company. The  
well is located about three miles northwest  
of town. The escaping gas can be heard  
very plainly several miles distant.

## The Twelfth Juror Secured.

YOUNGSTOWN, O., Feb. 3.—The twelfth  
juror for the second trial of Ebenezer Stan-  
yard, for the murder of Alice Hancock, was  
secured at noon to-day. Ten days have  
elapsed in securing a jury, and over four  
hundred persons have been examined.

## Goes to the Jury Friday.

CINCINNATI, Feb. 3.—Mr. Bateman's argu-  
ment in the Hopkins case occupied the whole  
of the morning session. Mr. Bateman, who  
follows, will not conclude his speech before  
Friday morning. The case will go to the  
jury Friday.

## Wall Paper Fire.

PITTSBURG, Feb. 3.—The store room at No.  
414 Wood street, occupied by Putz & Kerr,  
wholesale dealers in wall paper, was burned  
out between 9 and 10 o'clock this morning.  
Loss \$5,000. Insured.

## CINCINNATI SHOEMAKERS.

A LOCKOUT DECLARED WHICH WILL  
EFFECT 4,000 MEN.

The Strikers and Those Locked Out Hold a  
Meeting—The Increase in the Ranks of  
the Knights—Five Hundred Lumbermen  
Discharged—Reading Troubles.

CINCINNATI, Feb. 3.—The Shoe Manu-  
facturers' association, embracing the following  
firms have declared a lockout: Stribley &  
Company, Krippendorf, Dittman & Com-  
pany, W. L. Thom & Company, George  
Hocker & Company, Maloney Brothers, Cos-  
grove Shoe Manufacturing company, Stran-  
ger & Boyd, Buesching & Brother, Hart,  
Mead & Company and Alter Touvard  
& Company.

Said William Cosgrove, of the Cosgrove  
Shoe Manufacturing company, to a reporter:  
"This will throw out of work about 3,000  
shoemakers and fully as many more employes  
who are indirectly identified with the trade."

The trouble originated in Blacker, Gerstle  
& Company's factory. Last Saturday several  
girls had their salaries docked for sums  
claimed to have been overpaid for work,  
including the careless marking of piece work  
last November.

The girls who had been docked quit work  
Saturday evening, but a bevy of new-comers  
appeared Monday morning to fill the  
vacancies.

A committee of three girls and as many  
lasters at once called on Mr. Blacker, and  
threatened a general strike should the new  
girls be put to work. A meeting was called  
at noon, and an hour later the whole shop,  
numbering between 450 and 500, went out.  
This, the manufacturers claim, was in direct  
violation of an agreement between them and  
the executive board of District Assembly No.  
48, Knights of Labor, which provided that  
no strike or lockout should occur during the  
pending of any question, and that there  
should be no meeting of knights during  
working hours.

The manufacturers called on the executive  
committee, Knights of Labor, Monday even-  
ing to have the agreement enforced. The  
board took the motion under consideration,  
but, failing to give a satisfactory answer by  
Tuesday evening, the manufacturers held a  
meeting Wednesday noon and declared a gen-  
eral lockout. The striking and locked out  
shoemakers held a meeting at Workmen's  
hall at 10 a. m. to discuss the situation.

There was an attendance of over one thou-  
sand. The executive committee of one mem-  
ber from each shoeworkers' assembly held a  
secret conference and resolved to resist the  
lockout. They claim the Manufacturers' as-  
sociation violated their agreement first by  
refusing to receive a committee after work-  
ing hours, and that the employees were in the  
right and violated no agreement in striking  
after that. The trouble seems to be that the  
manufacturers attempted to ignore the  
Knights of Labor, and treat individually  
with their employes.

District Master Workman Cavanaugh  
when seen said that he could say nothing yet.  
At the various shops this morning there was  
little going on, and the indications are that  
the lockout will be long and stubborn.

At 11:30 the executive committee, after  
being out one hour, returned to the general  
meeting. A call to order was followed by  
the election of Michael Donelan, president,  
and James Stevenson, secretary. The meet-  
ing was very enthusiastic. The principal  
discussion was on a proposed new set of  
rules which would end the lockout and obvi-  
ate trouble in the future.

## Locomotive Engineers.

PHILADELPHIA, Feb. 3.—A most important  
session of delegates of the Brotherhood of  
Locomotive Engineers was begun in Room 42,  
of the guard house yesterday. The delegates  
represented all the lodges on the line of the  
Pennsylvania railway, east of Pittsburgh and  
number between twenty and thirty. There  
was delegates present from Pittsburgh, Allegheny,  
Altoona, Harrisburg, Columbia, Jersey  
City, Trenton, Baltimore, Camden, N. J.,  
Wilmington, Del., and other points.

The object of the convention, it was  
learned, was to consider a bill of grievances  
which the engineers desired to lay before the  
Pennsylvania officials. There are several  
things to be considered, which, it is under-  
stood, involve an advance of about 10 per  
cent. on the wages paid at present. The de-  
mand is in accord, as nearly as possible, with  
that already formulated by the members of  
the brotherhood on the Pennsylvania lines  
west of Pittsburgh.

The demand, it is stated, has already been  
forwarded to the Pennsylvania officials in this  
city, and a copy is now in the hands of  
Chief Arthur, of the brotherhood. A dele-  
gate said last night:

"Within the next few days a committee  
will go to the Pennsylvania office on Fourth  
street with a demand. What it will be I  
cannot say."

## After the Reading People.

HARRISBURG, Pa., Feb. 3.—Argument will  
be heard before the attorney general here to-  
day upon the application of the special com-  
mittee of the Knights of Labor for the issue  
of a writ of quo warranto against the  
Philadelphia & Reading railroad for a for-  
feiture of its charter.

The application is an outgrowth of the  
present strike, and is based upon the allega-  
tion that the corporation has forfeited its  
charter by violating the state constitution  
by engaging in the business of mining coal.  
The committee has made affidavit that they  
have positive knowledge that the Reading  
railroad and the Reading Coal and Iron com-  
pany are one and the same, and that the  
debts of the one are paid by the other.

## Corporations and Syndicates Must Go.

PHILADELPHIA, Feb. 3.—The official at-  
tendance of the order of Knights of Labor will  
be published in the coming issue of the Journal  
of United Labor, saying:

"It is a hard battle and the victory may be  
long in the future, but the country is awaken-  
ing to the danger that threatens the liberties  
of the people. Corporations and syndicates  
are doomed. It is but a question of time,  
and that not very far off. This strike is  
opening the way for the government control  
of the railroads. Right will triumph in the  
end. It is through turmoil, strife and suffer-  
ing that great principles are established."

## A Ten Per Cent. Reduction.

JOHNSTON, Pa., Feb. 3.—The 10 per cent.  
reduction in wages at the Cambria iron  
works has gone into effect, being accepted in  
all departments except the wire mill. These  
men are still considering the proposed re-  
duction, but no trouble is anticipated by the  
company. Over ten thousand employes are  
affected by the reduction.

## Knights Increasing in Numbers.

PHILADELPHIA, Feb. 3.—The general ex-  
ecutive board of the Knights of Labor have  
made their reports for the January term rela-  
tive to the membership of the various as-  
semblies throughout the country. It is said  
that when the footings are made up the order  
will show an increase of over fifty thousand  
members. In this state the report states that  
the increase has been more noticeable. In  
New York, Massachusetts and New Jersey  
the decrease has been marked, but the report  
says it is less than was anticipated. In the  
western and southern states the Knights of  
Labor have grown rapidly.

## Five Hundred Men Discharged.

CHEYBAGAN, Mich., Feb. 3.—Five hundred  
men are said to have been discharged from  
the several cedar camps near the Schmeaux,  
this side of Prentiss bay, and the camps have  
closed up because it was unprofitable on ac-  
count of the deep snow to keep them run-  
ning. Supplies are insufficient in the imme-  
diate vicinity to provide for them long, and  
the towns will have to provide for them if  
they fail to procure work or they must  
suffer.

## Resume Work at the Reduction.

DUNBAR, Pa., Feb. 3.—After a strike  
against a general reduction of 10 per cent. in  
wages, lasting thirty days, the 500 em-  
ployes of the Dunbar Furnace company  
went to work last night at the company's  
terms.

## Petitions for Joe Mackin.

CHICAGO, Feb. 3.—Mrs. Joseph C. Mackin,  
the wife of the celebrated ballot box stuffer,  
now serving a sentence in Joliet penitentiary  
for perjury, is in Springfield, and will at the  
first opportunity present to Governor  
Oglesby petitions and letters praying for the  
pardon of her husband. Mrs. Mackin has  
letters from District United States Judge  
Blodgett, Judge Tutthill, who, while district  
attorney, prosecuted Mackin; Judge Moran,  
who tried and convicted him in the state  
court on the perjury charge; Mayor Roche,  
Judge Grinnell, who as states attorney, pro-  
secuted Mackin for perjury; every news-  
paper editor in the city, and a host of prom-  
inent citizens.

## Neal Dow Interviewed.

NEW YORK, Feb. 3.—Neal Dow says, in an  
interview in the World this morning: "Mr.  
Blaine is personally a temperance man and  
prohibitionist. I voted for him in 1884,  
thinking if he were elected the Republican  
party would recover the confidence and re-  
spect of the country. I shall not vote for  
him in the coming election. It is no longer  
a question of candidates, for the reason that  
prohibition can not win in the life time of the  
Republican party." Dow also says the Pro-  
hibitionists, in the next election, will concen-  
trate their efforts on New York and Ohio.  
Gen. Fiske, Mr. Dow says, will undoubtedly  
be their presidential candidate.

## Public Sentiment Saved Her.

ATLANTA, Ga., Feb. 3.—Governor Gordon  
to-day commuted the sentence of Eliza Ran-  
dall, who was to have hanged in Clay county  
on Friday, to imprisonment for life. Eliza  
Randall murdered her father, killing him  
with an ax. All the details of the crime were  
of the bloodiest description, and not one  
word of extenuation was urged in her behalf.  
Public sentiment against the infliction of  
capital punishment is what saved her from  
the gallows.

## A Curious Petition.

ST. JOSEPH, Mo., Feb. 3.—The women  
living in the southeastern part of the city  
are circulating a petition to have Hoeneck  
and Ruiling, the wife murderers lynched.  
Mr. Augustine, the man in whose house  
Hoeneck committed the murder, says the  
women have grown weary of the delay and  
are trying to work up a feeling among the  
sterner sex that will induce them to take the  
law into their own hands. The petition  
already has several hundred signatures.

## Coasting Accident.

WELLSVILLE, O., Feb. 3.—Yesterday after-  
noon, at Salineville, Dr. Saltzman, a well-  
known physician of this place, was knocked  
down at the foot of a hill by a large sled,  
upon which were a half dozen boys.  
Eight or ten other sleds ran into the pro-  
strate man, terribly injuring him about the  
head and body. He has not revived since  
the accident, and his death is momentarily  
looked for.

## A Postmaster Goes Wrong.

GRAND RAPIDS, Mich., Feb. 3.—Charles  
D. Crandall, postmaster at Big Rapids,  
Mich., was arrested in this city late yesterday  
afternoon by United States Marshal Waters,  
charged with the misappropriation of govern-  
ment funds. It is alleged that he has kept  
back \$150 he received for box rent. His ex-  
amination was adjourned to February 23.  
He gave bail.

## The Tally-Sheeters.

COLUMBUS, O., Feb. 3.—In the tally-  
sheet case the day was largely consumed by  
the struggle of Counsel Converse to prove  
that witness Joyce had taken part in a con-  
spiracy to prosecute and persecute Mont-  
gomery. After much sparring Joyce an-  
swered the question as to whether he had not  
given money to the citizens' committee to  
prosecute the cases in the affirmative, he had  
contributed \$700 in the interest of public  
order, but did so before any indictments  
were found by the grand jury. He denied  
any bad feeling on his part toward Mr.  
Montgomery. Charles Galloway and Arthur  
Ellis, election clerks, identified the tally-  
sheets and pointed out the additions thereto.

## Killed By a Street Car.

CINCINNATI, Feb. 3.—Charlie Hiltnerberger,  
a twelve-year-old boy, was run over by a  
street car at Everett and Baymiller streets at  
11:30 a. m. and instantly killed. The lad was  
stealing a ride on a delivery wagon on Ever-  
ett street, and as the wagon crossed Bay-  
miller he dropped off and fell in front of car  
No. 7, of the Green line. Before the driver  
could check his team the front wheel passed  
over the little fellow's head, completely crush-  
ing it. Life was extinct when he was picked  
up.

The Committee on Claims and Accounts filed a report of their settlement with the city officers for year 1887, and same was received. The books and accounts of the various officers had been examined and found correct. Orders had been drawn for the amount due the officers as follows:

Due Mayor Pearce from costs worked out, \$451.10.  
Due Marshal Hefflin from costs worked out and commissions on fines, bonds, and taxes, \$203.94.  
Due Deputy Marshal Dawson from similar sources, \$269.98.  
Due Deputy Marshal Gull foyle from similar sources, \$148.94.  
Due City Attorney Newell, from costs worked out, \$77.10.

The committee reported that the Treasurer had paid the past year bonds, notes and coupons amounting to \$20,910; the net reduction of the city debt during year being \$12,800. The bonds, notes, coupons &amp;c., paid were examined by Messrs. Chenoweth and Thomas and destroyed.

Mr. C. L. Sallee appeared for Mr. Ferguson, an agent of the Kentucky State Lottery. The company wanted to carry

on business in this city, but Mr. Ferguson was not willing to pay the license of \$1,000 a year. A motion was made to suspend the rules and pass an ordinance reducing the license to \$500, but it was lost by a yea and nay vote. Mr. Sallee then withdrew Mr. Ferguson's proposition.

The unfinished business was attended to, "further time" being the usual disposition of the various items on the list. Bad weather had prevented the several committees from attending to much of the business.

The coffee-house license of Joseph A. Diener was transferred to Martin Guilfoyle. T. A. Keith &amp; Co. were granted privilege of erecting coal scales on west side of Sutton street, between Second and Third streets.

Coffee-house license was granted John Kuble &amp; Co., doing business at No. 3 Market street.

Permission was granted to lay crossing on Second street from George T. Wood's grocery to Frederick's shop, Fifth ward. Mr. Stockton introduced and had read an ordinance to prevent "cows, calves, horses, mares, colts, mules, sheep or goats" from running at large on the streets. The rules were suspended and the ordinance passed. The penalty for a violation of the ordinance is \$10.

Mr. J. C. Owens addressed the Council and said he was willing to give the city five feet of ground, the full length of his lot on West Second street—276 feet—for a pavement. This was on condition that the city put down the said pavement. The matter was referred to the Committee on Internal Improvement to investigate and report as to cost.

The petition of Mr. J. C. Owens to erect an office on his lot on West Second street was granted conditionally, on complying with the law.

Complaint was made by Mr. Wood against the Maysville Water Company as to the supply of water and the pressure from the reservoir, and the matter was referred to the Committee on Internal Improvement for investigation and settlement. A gauge is to be erected at the Mayor's office so that the pressure may be known at all times. On motion Messrs Thomas Wood, W. H. Cox, W. H. Wadsworth, Jr., A. M. J. Cochran, Dr. John Phister and Mayor Pearce were appointed a committee to revise and amend the city charter and report their action to Council.

Messrs. P. G. Triplett, Thomas M. Wood and W. H. Cox were appointed a Board of Equalization by the Chair.

Jubling &amp; Co.'s license as coal dealers was ordered transferred to T. A. Keith &amp; Co.

An allowance of \$5 was granted a Mr. Anderson to pay his passage to Cleveland, Ohio.

Mr. Wadsworth called attention to a defect in the ordinance as to revoking the license of saloon-keepers for selling liquor to minors and offered an amendment to remedy the same. Read and continued till next meeting.

Mr. Wadsworth also called attention to some unjust provisions of the law as to granting coffee-house licenses. Owners of property on a square had no right to protest against the granting of license unless they were also the occupants of the property. He thought the law ought to be amended so that the owners of a majority of the front feet on a square could prevent the granting of license for a coffee-house on that square. Some discussion followed, after which Mr. Wood offered an amendment to the ordinance which was read and went over till next meeting. The amendment gives the owners as well as occupants the right to sign for or against such licenses.

Mr. Rudy, Chairman of the Alms Committee, was ordered to spend two days—Wednesdays and Saturdays—in each week for next two months at Mayor's office. All applications for alms are to be thoroughly investigated before granted.

The matter of erecting a gas lamp on Third street west of Commerce, on Grant east of Limestone, and three lamps on the iron viaduct between Market and Limestone was referred to the Committee on Gas with power to act.

Wharfmaster was directed to prevent the unloading of coal on grade between Market and Limestone streets. He had two applications for coal landings at that point.

It was moved and carried that the members of council attend in a body the funeral of John Heiser, late member from the Third ward.

## ANTI-SOCIALIST EDICTS.

THE EFFECTS THEY WILL HAVE IN GERMANY.

**They Will Further Madden Enemies of Tyranny and Increase the Number of Moderates—The Pope Advises the Irish to Make Peace With England—Foreign.**  
LONDON, Feb. 3.—The new anti-Socialist edicts to be published in Germany will have at least one effect, that of still further exasperating the pronounced enemies of tyranny and strengthening the growing number of moderates in the reichstag. The red spectre that enhances the chancellor's insomnia is not of a quality to be quelled by repressive statute, even if they are to be such as the Cologne Gazette indicates.

That journal, in an article evidently inspired, says that neither fines or no terms of imprisonment seem to terrify the Socialists, deter them from preaching their doctrines, nor forbid their progress. A pitiless and indiscriminate exile should be tried. "Throw out of the country," it says, "all who sow the seed of these damnable doctrines, all who are known to be Socialists, all who are suspected of being such."

The question may strain beyond tenacity the ties which bind together the countries composing the German empire. The police of Berlin and other cities of Prussia disperse vigorously all assemblies which seem even suspicious, but in the adjacent territories discussion is less restrained. Bavaria and Wurttemberg are outspoken in favor of free speech and against the scheme of banishment; in Saxony Herr Bebel and other influential statesmen have used language that must have made Bismarck's ear tingle and a popular deputy of Nuremberg in the course of his remarks proclaimed the truism that persons might be banished, but a cause that controls a million of votes cannot be exiled.

In Bavaria the constitution assures to all citizens the right to reside in the districts where they were born, and an amendment can only be effected by a two-thirds vote, which would be very difficult to obtain. Liberal leaders there have called attention besides, to the fact that the policy of repression has done nothing toward decreasing the number of Socialist votes, but that on the contrary measures of reign have caused a prompt reaction.

If Bismarck succeeds in driving the Reichstag to obey his will he may postpone the evil day, but the Socialists have an ally in the crushing imports that grind down the German workman and peasant, who see the greater portion of the revenue of the country expending in maintaining a condition of things that is neither war nor peace.

In Berlin the Socialist vote, which was over fifty-six thousand in 1878, declined on account of the natural indignation aroused by the attempt of Nobiling against the life of the emperor, and the laws issued on account of the murderous attack to about thirty thousand in 1881. The ranks have since been filled up until last year in the city the Socialist candidates received over ninety-four thousand votes, and in the empire their supporters numbered nearly a million, having almost doubled since 1877.

The stagnation of trade in Berlin is exciting the most serious apprehension and the authorities might be glad to get rid of many obnoxious and useless persons, but surrounding counties will not welcome the refuse of the city by the Spree.

### Sixty-three Round Fight.

LONDON, Feb. 3.—Monk, of Birmingham, and Donovan, of Bermondsey, fought last night at Newmarket, a sixty-three round prize fight, Marquis of Queensbury rules for the featherweight championship of England. Donovan was fourteen pounds heavier than Monk. The former obtained the lead at first and kept it. In the sixty-third round Monk was unable to face Donovan owing to an injury he had received in the leg and the fight was given to Donovan. The time of the fight was three hours and twenty-five minutes.

### The Pope Don't Favor Home Rule.

ROME, Feb. 3.—The pope received a party of Irish pilgrims yesterday and advised the people of the Emerald Isle to make peace with England. This intimation of the pope's attitude towards Home Rule has excited great interest in Rome and will in Ireland when it becomes fully known. If the pope attempts to array the Irish clergy against the Home Rule agitation there will be vigorous resistance by priests and people.

### Evicted Tenants to be Reinstated.

DUBLIN, Feb. 3.—The tenantry on the Countess of Kingston's estate at Mitchells-town, where numerous evictions took place last autumn, have announced their satisfaction regarding the recent reductions in rent granted them, and will accept the terms. They receive 20 per cent. reduction and the landlord pays the costs and the evicted tenants will be reinstated in their old holdings.
